

**NEW!**  
**traxodent™**

Hemodent™ Paste Retraction System

Place Traxodent

After 2 minutes, rinse away

Predictable Hemostasis and Retraction in Minutes!

**Easy, effective hemostasis and retraction**

- The sleek syringe with bendable tip permits easy application.
- After two minutes it is rinsed, leaving a clean, accessible margin.

**Traxodent is gentle, absorbent and fast.**

- The soft paste produces gentle pressure on the sulcus while it absorbs excess crevicular fluid.
- Aluminum chloride creates an astringent effect without irritating or discoloring surrounding tissue.
