ivoclar vivadent®
special offer

**Purchase 3 refills of Variolink® II, Variolink® Veneer, Multilink Automix® or SpeedCEM™
Get 1 bottle of Monobond Plus FREE!**

**Variolink® II and Variolink® Veneer
Total Etch Esthetic Resin Cement System**

The dual-curing luting composite Variolink II and the light-curing Variolink Veneer are the standards by which all others are measured when it comes to adhesive cementation of esthetic all-ceramic restorations.

- Very high strength
- High radiopacity
- Shade availability

**Multilink Automix®
Self Etch Universal Resin Cement System**

The high-immediate bond strengths of Multilink Automix create a strong link to all types of restorative materials giving you and your patients security you can rely on.

- Fast, easy application
- Reduces sensitivity
- Highly visible on dental x-rays

**SpeedCEM™
Self-Adhesive Resin Cement**

SpeedCEM combines a fast, easy conventional placement technique with several advantages of resin cements such as low solubility and increased strength.

- Excellent physical properties
- Self-cure with light cure option
- No mixing capsules

**Monobond Plus
Universal Restorative Primer**

The one primer that enables strong and durable bonds between the luting composite and ANY dental restorative material.

- For the conditioning of all types of restoration surfaces (glass and oxide ceramics, metal, composites)
- One reaction time of 60 seconds
- Easy storage at room temperature
