

## Software

### ImageXL™

#### ImageXL™ – your Total Imaging Solution

ImageXL™ is the only tool you will ever need to add digital image components to your dental office. From Digital X-Ray systems (Sensor and Phosphor Plate) to Flatbed Scanners, ImageXL™ stores images from any digital imaging peripheral and integrates them seamlessly to each patient's chart with XLChart™. Attach images directly to the face of the Dental Chart, note watch areas and organize your diagnostic and cosmetic images using one complete solution.

#### Complete Organization

Imagine all your digital images stored in one place, accessible with a single click of the mouse. With XLDent™ and ImageXL™, it is truly that simple.

#### Digital Whitening

Show your patients just how bright their smile can be with ImageXL™'s Whitening module. This powerful yet user-friendly tool quickly shows your patients the enhanced look they can expect with whiter teeth.

#### Cosmetic Imaging

If Cosmetic Dentistry is your specialty, ImageXL™'s Cosmetic Imaging module is for you. ImageXL™ incorporates the ability to demonstrate crown and amalgam replacement, periodontal treatment, orthodontic treatment, and other cosmetic procedures.

### XLDent™

#### The XLDent™ Dental Practice Management System

The XLDent™ Practice Management System takes advantage of the latest in software development methodologies and design tools to provide you with the most intuitive, robust, easy-to-use dental practice management program available. XLDent™ will help you automate key business processes and will ensure that your team has the tools they need to help you manage your practice more profitably.

#### Dental Patient Screen

The versatile XLDent™ Patient Screen can be customized to suit every individual user's needs and job functions. All patient information is accessible from one screen.

#### Dental Appointment Scheduler

The Appointment Scheduler's easy to use design delivers a fully customizable, complete scheduling solution. Features include appointment reminders, printable color schedules, daily task pad, multiple schedule views, powerful appointment search, and More! XLDent™'s Appointment Scheduler is the easiest, most flexible appointment scheduler you will ever use.

#### Post Treatment

The interactive Post Treatment Screen allows even the most novice of users to enter procedures and check out patients like pros. Processing credit cards is also made simple with XLCharge™, a completely integrated credit card processing solution.

#### Dental Reports & Patient History

XLDent™'s reporting power and instant data sorting capabilities offer doctor-friendly analytical management tools. XLDent™ includes a Suite of Reports, Patient Quick Letters, Word Merge capability, and a Document Archive Center.
